

# SMART TECH ACCELERATION:

**YOUR ESSENTIAL CHECKLIST** FOR NEW TECH TOOLS

Supercharge your organization's growth and efficiency with a strategic approach to smart technology acceleration.

# SMART TECH ACCELERATION:

## YOUR ESSENTIAL CHECKLIST FOR NEW TECH TOOLS

### 1 ASSESS AND RATE (To identify the best fit for your business)

- ▶ Do they have a ransomware-proof backup system in place?
- ▶ What are your objectives and priorities?
- ▶ Which solutions meet your security and integration needs?
- ▶ Which solutions are affordable and easy to use?

### 2 EVALUATE (To prioritize solutions for maximum impact)

- ▶ What are your key performance metrics and which solutions help achieve them?
- ▶ Which solutions align with your long-term goals and vision?
- ▶ Which solutions are critical to upgrade?

### 3 MANAGE (To ensure seamless implementation)

- ▶ Who will drive the change and ensure accountability?
- ▶ What processes and technologies will be impacted?
- ▶ Are your teams aligned and informed?

### 4 MEASURE AND ADJUST (To track progress and optimize)

- ▶ How will you measure success?
- ▶ What adjustments are needed based on the available data?
- ▶ Are stakeholders held accountable for missed opportunities?
